Clone (try all):

lf indala clone -r <rawhex>

lf indala clone --fc <facility> --cn <cardnum>

lf indala clone --heden <printedID>

Verify:

lf indala reader

■ Field Tips

- Always wipe before re-use: lf t55xx wipe
- Carry multiple blanks: one per method (Raw, FC/CN, Heden).
- lf search is your best friend: tells you if it’s EM, HID, or Indala.
- If one method doesn’t open the door, wipe and try another.
